

Dear Parents,

An emphasis on this program is to foster a love of books and an interest in reading. Parents play an important role in reaching these goals. Keeping this in mind, I will share my plan with you for celebrating birthdays in our classroom this year.

Your child's birthday will be a special day in school. Children whose birthdays do not fall within the school year will have a birthday celebration on a prearranged day in May. As an alternative to a treat, or in addition to, parents are encouraged to donate a book of their choice to the classroom library. Your child's name and birthday will be printed in the book as a remembrance of this special day. Please gift-wrap the book so that your child may open it in school. We encourage a parent or another adult to come to school and read the book to the entire class before lunch. The book would then be available for other students in the class to read. If this is something you are interested in doing, please just write me a note.

If you do decide to bring a treat for the class, please make sure it is store bought. This is a Wake County policy. We are looking forward to combining the pleasure of reading with the excitement of birthdays!

Sincerely,  
Mrs. Keel
